

# FALL 2023

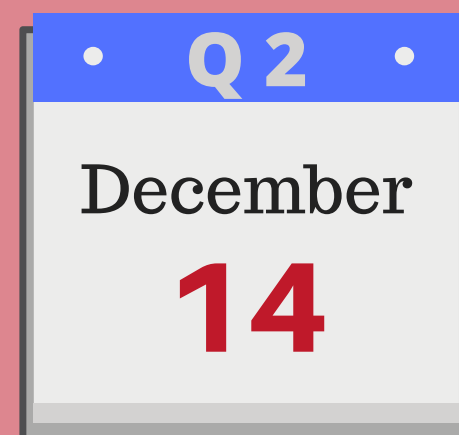

IPR grades are warning grades that show a student's progress halfway through a Quarter.

Quarter grades are official and students receive a report card with academic and citizenship grades.

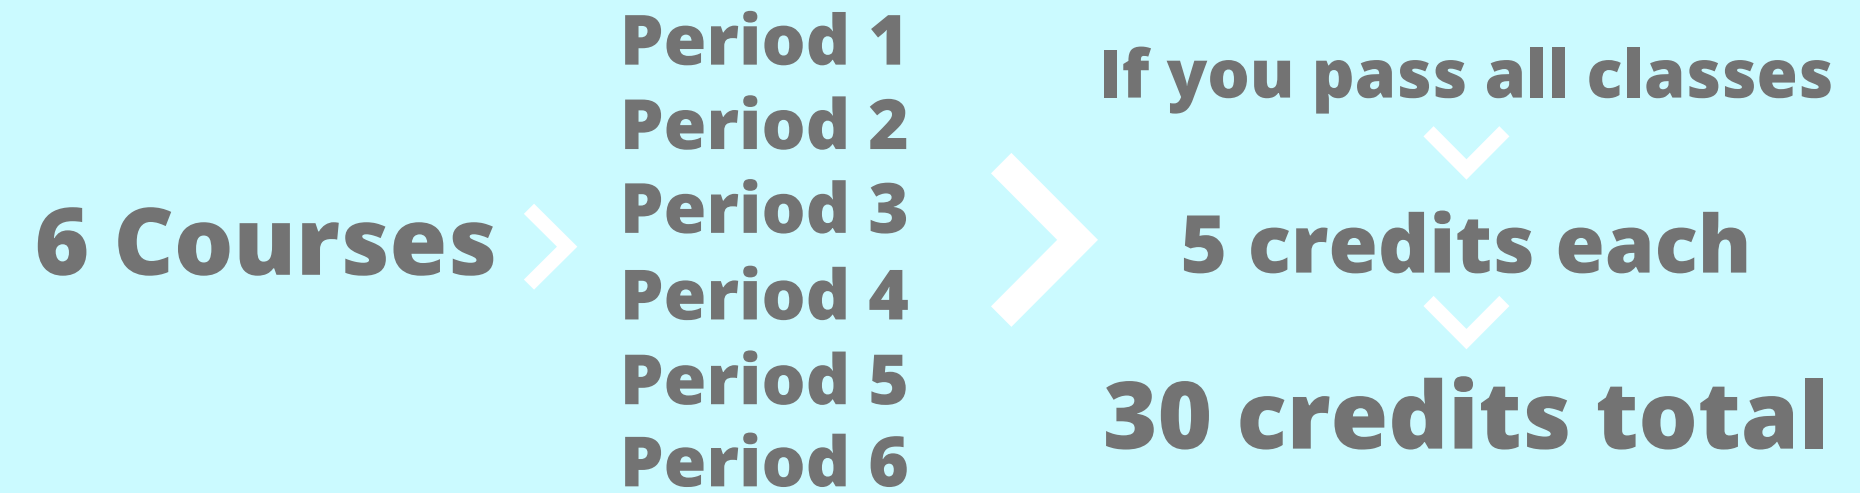

IPR grades give students an opportunity to improve their grade before receiving official grades that go on their transcript.

At the end of a semester, the official grades from the first and second quarter accumulate to determine the semester grade; semester grades are listed on transcripts.

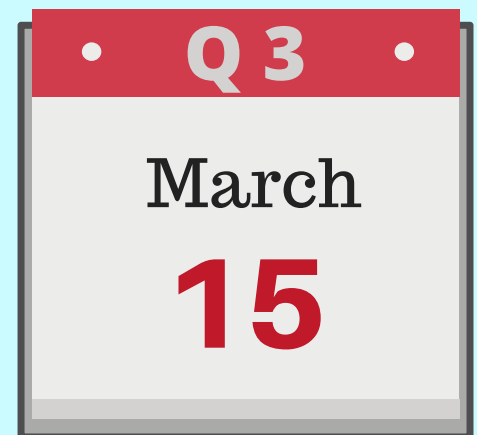

# SPRING 2024

IPR grades are warning grades that show a student's progress halfway through a Quarter.

Quarter grades are official and students receive a report card with academic and citizenship grades.

IPR grades give students an opportunity to improve their grade before receiving official grades that go on their transcript.

At the end of a semester, the official grades from the third and fourth quarter accumulate to determine the semester grade; semester grades are listed on transcripts.
